Re: Tennessee Gas Pipeline Company, Docket No. PF09-1-000
300 Line Expansion Project
Draft Environmental Resource Reports and Stakeholder Mailing List

Dear Ms. Bose:

Tennessee Gas Pipeline Company (“Tennessee”) is filing with the Federal Energy Regulatory Commission (“Commission”) in Docket No. PF09-1-000 draft Environmental Resource Reports 1 and 10, and an updated stakeholder mailing list, related to the 300 Line Expansion Project (“Project”).

On October 7, 2008, Tennessee filed a request to use the Commission’s pre-filing procedures for Tennessee’s proposed Project. By notice issued November 4, 2008, the Commission approved Tennessee’s request to use the pre-filing procedures.

As required by Section 157.21(f)(5) of the Commission’s pre-filing procedures, 18 C.F.R. § 157.21(f)(5)(2008), Tennessee is submitting for the Commission’s review draft Environmental Resource Reports 1 and 10 for the Project. In light of the fact that Tennessee’s development of the resource reports for the Project is ongoing, more complete drafts of Resource Reports 1 and 10 will be submitted when draft Environmental Resource Reports 1 through 12 are filed with the Commission in February 2009.

In addition, as required by Section 157.21(f)(4) of the Commission’s pre-filing procedures, 18 C.F.R. § 157.21(f)(4)(2008), Tennessee is submitting a stakeholder mailing list for the Project. This stakeholder mailing list updates the contact information that was provided as part of Tennessee’s October 7, 2008 pre-filing request in this proceeding for (1) landowners; (2) representatives of affected federal, state, and local political jurisdictions; and (3) applicable federal and state regulatory agencies. Due to privacy concerns, Tennessee is requesting, in accordance with Section 388.112 of the Commission’s regulations, 18 C.F.R. § 388.112 (2008), privileged and confidential treatment of that portion the stakeholder mailing list that includes information regarding landowners. An original copy of the landowner portion of the stakeholder mailing list is being filed in a separate section marked “Contains Privileged Information - Do Not Release”.

In accordance with the Commission's filing requirements, Tennessee is submitting this filing with the Commission's Secretary through the eFiling system. Tennessee is also providing complete copies of this filing to the Office of Energy Projects ("OEP").

Respectfully submitted,

TENNESSEE GAS PIPELINE COMPANY
