MARCH 2009

**RESOURCE REPORT 11 – RELIABILITY AND SAFETY
SUMMARY OF FILING INFORMATION**

INFORMATION	FOUND IN
Describe how the Project facilities would be designed, constructed, operated and maintained to minimize potential hazard to the public from the failure of Project components as a result of accidents or natural catastrophes.(§ 380.12 (m)).	Not applicable

TABLE OF CONTENTS

11.0 INTRODUCTION 11-1

11.0 INTRODUCTION

The Project does not involve new or re-commissioned Liquefied Natural Gas (“LNG”) facilities, nor have significant safety concerns been raised by concerned parties or other affected stakeholders during pre-filing consultations. Therefore, in accordance with Commission guidance provided in 18 Code of Federal Regulations (“CFR”) Section 380.12(m), Resource Report 11 addressing reliability and safety of new or re-commissioned LNG facilities is not required.
